

Annual 47 C.F.R. § 64.2009(e) CPNI Certification

EB Docket 06-36

2014 Annual 64.2009(e) CPNI Certification covering the prior calendar year 2013

Name of company covered by this certification:

Wireless Telecommunications Corp. f/k/a Westar Communications, Inc. FRN: 0002316412

Name of signatory: Philip J. Rankin

Title of signatory: President

I, Philip J. Rankin, certify that I am an officer of the company named above (the "Company"), and acting as an agent of the Company, that I have personal knowledge that the Company has established operating procedures that, to the best of my knowledge, information and belief, are adequate to ensure compliance with the Commission's CPNI rules as I understand them. See 47 C.F.R. § 64.2001 *et seq.* The basis for my certification is summarized below:

The paging service provided by the Company is billed to the customer monthly on a flat-rate basis. As a result, the Company collects at most only minimal information that could be considered CPNI under the FCC's rules. Any use or disclosure of or provision of access to customer-specific information by the Company, whether CPNI or not, requires my approval.

There are no circumstances under which the Company discloses CPNI to any third party with the exception that The Company does disclose CPNI to law enforcement personnel in compliance with subpoenas. The Company only accesses CPNI for its own billing, provisioning, marketing and collection purposes.

Except as described in the preceding paragraph, the Company does not disclose or provide access to CPNI to any third parties for any purpose.

The Company does not employ any third parties to market paging service on its behalf. To the extent any marketing of the Company's paging service is done, it is done through direct sales by one or more employees of the Company. Such employees may maintain customer account information for customer service purposes and for the purpose of selling additions to services already subscribed to by customers, or adjuncts to basic services already subscribed to by the customers.

The Company has reviewed and modified its CPNI policies and practices as deemed necessary in order to comply with the CPNI rule changes adopted by the FCC in 2007.

The Company did not take any actions against data brokers during 2013.

The Company did not experience any incidents of "pretexting" during 2013.

The Company did not receive any customer complaints during 2013 concerning the unauthorized release of CPNI.

The Company represents and warrants that the above certification is consistent with 47 C.F.R. §1.17, which requires truthful and accurate statements to the FCC. The Company also acknowledges that false statements and misrepresentations to the FCC are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.

Philip J. Rankin
